VREDESTEIN
TYRES

Performance driven for over a century

Rubber has been running through our veins since the beginning of the 20th century, underpinned by an unrelenting drive to constantly improve the performance of our products. Innovation has always been a key concept within the Vredestein brand. Our international R&D centres are constantly engineering and designing New generations of tyres and are often rewarded with top results in independent international tyre tests. Our products and services empower confident people to have the freedom to drive their own way.

Delivering a premium product portfolio

This ambition enabled us to become a first-class, world-renowned European brand of premium tyres. Today, Vredestein delivers an impressive portfolio of premium tyres for passenger cars, agricultural & agri-industrial applications and bicycles.

Performance and design go hand in hand

In 1997 Vredestein embarked on a New strategy aimed at blending aesthetic design with ultra high performance tyres. This led to a unique partnership with the world famous Italian designer Giorgetto Giugiaro, whose work includes the Volkswagen Golf I and Maserati 3200 GT. Giugiaro was nominated car designer of the century by the world's auto press in 1999 and we have continued to work together with his design studio on numerous great tyre products.

Part of an ambitious global company

Since 2009 Vredestein has been a brand of Apollo Tyres Ltd, a global player in the tyre business with production locations and sales offices on four continents.

ALL SEASON TYRES

QUATRAC PRO +

ALL-SEASON WITH A BIG PLUS

BENEFITS

Best-in-class on wet roads

Upgraded snow performance

Improved fuel efficiency

FEATURES

Strong water evacuation against aquaplaning

5% better on snow grip and acceleration*

5% lower rolling resistance*

* Data based on internal testing against predecessor Quatrac Pro in development size 245/45 R 18 100Y XL

QUATRAC PRO

FIRST ALL-SEASON TYRE FULLY FOCUSED ON UHP SEGMENT

BENEFITS

Short braking distance and superb handling on wet roads

Great safety, even when winter surprises you

Tailor-made for powerful cars and SUVs

FEATURES

More than 10% better wet grip*

5% improvement on snow handling*

Performance oriented construction and material design

* Data based on internal testing compared to predecessor Quatrac 5 in development size 245/45 R 18 100Y XL

QUATRAC PRO EV

FIRST ALL-SEASON TYRE FULLY DEDICATED TO ELECTRIC VEHICLES

BENEFITS

Extended range on electric and hybrid vehicles*

Designed for heavier EVs: 6% better handling* and improved stability while cornering

No compromise on safety in any weather condition

FEATURES

15% Lower rolling resistance* due to advanced compound materials

Higher belt and tread stiffness; asymmetric tread features

Severe snow certified; 4% better dry braking*

* Data based on internal testing compared to standard All-Season model Quatrac Pro in development size 245/45 R19 102W XL

QUATRAC

PERFECTLY BALANCED SEASONAL PERFORMANCE

BENEFITS

More than 10% improvement in aquaplaning resistance*

Improved handling across dry, wet & snow surfaces

20% improvement in tyre life*

FEATURES

New concept 'deep V' tread pattern

10% larger net contact area*

Next-generation compound with multi-functional polymers

* Data based on internal testing compared to predecessor Quatrac 5 in development size 205/55 R16 91V

QUATRAC 5

THE BEST TYRE FOR ALL SEASONS

BENEFITS

Excellent braking and handling on wet surfaces

Superior braking and handling on snow

Optimised stability, acceleration and handling

FEATURES

Tread pattern designed for efficient water drainage

Inner tread design optimised for winter performance

V-shaped grooves at centre and asymmetric outer longitudinal groove

COMTRAC 2 ALL SEASON⁺

HIGH SAFETY AND COMFORT WHILE DRIVING WITH HEAVY LOADS

BENEFITS

Retaining high level of wet & snow performance*

Over 20% improvement in tyre life*

5% Improved stability when driving with heavy loads and higher control while cornering*

FEATURES

Tailor made compound to balance snow & wet

Optimized tread compound with special grades of reinforcing filler

Higher density of metallic cord for steel belt to increase tread stiffness

* Data based on internal testing compared to predecessor Comtrac 2 All-Season in development size 235/65 R 16 C 115/113 R

CUTTING PERFORM

IG EDGE RMANCE:

VREDESTEIN
TYRES

ALL TERRAIN TYRES

PINZA^{AT}

COMFORTABLY RUGGED

BENEFITS

Excellent grip on all surfaces

Refined for on-road civility

Built rugged for off-road capability

FEATURES

5th Gen compound with full depth interlocking sipes; 3PMSF verified

Herringbone grooves and multi-pitch technology

Robust construction & jagged edge shoulder design

WINTER TYRES -

WINTRAC PRO

UNRIVALLED WINTER PERFORMANCE FOR THE MOST POWERFUL CARS

BENEFITS

Maximum grip while cornering

Short stopping distance on wet roads

Great controllability, even at high speeds

FEATURES

More than 15% better handling in snow*

10% improvement on wet braking*

Speed rating Y available for many sizes (up to 300 km/h)

* Data based on internal testing compared to predecessor Wintrac xtreme S in development size 225/50 R 17 98V XL

WINTRAC

PERFORMANCE TYRE FOR THE FULL WINTER SEASON

BENEFITS

Extended tyre life up to an additional 10,000 km*

10% improvement in aquaplaning prevention*

Enhanced grip on wet and snow surfaces

FEATURES

New-generation high-density silica compound

Improved tread design with patented 3D sipes

5% more rubber in contact with the road*

* Data based on internal testing compared to predecessor Snowtrac 5 in development size 205/55 R16

SNOWTRAC 5

SAFE AND COMFORTABLE TYRE IN WINTRY CONDITIONS

BENEFITS

Outstanding braking performance on snow and ice

High level aquaplaning resistance

Excellent braking performance on wet roads

FEATURES

Tread pattern with optimised number of snow sipes

Efficient water draining tread design

Tread compound designed for high level wet grip

COMTRAC 2 WINTER

STABILITY AND RELIABILITY DURING WINTER

BENEFITS

5% improvement on snow handling and snow braking*

Tyre life improved by over 20%*

Improved stability and controllability

FEATURES

Compound stiffness optimised to align with pattern stiffness

Optimized tread compound with special grades of reinforcing filler

Internal construction optimized for higher stiffness

* Data based on internal testing compared to predecessor Comtrac 2 Winter in development size 235/65 R 16C 115/113 R

NORDIC

WINTRAC ICE

PREMIUM PERFORMANCE IN THE MOST SEVERE WINTER CONDITIONS

BENEFITS

21% improvement in handling on ice*

20% improved handling on snow*

5% improved braking on snow*

* Data based on internal testing compared to predecessor Arctrac in development size 205/55 R16

FEATURES

New stud design plus optimised distribution of studs

High density of winter sipes at different angles

Innovative silica tread compound

NORD-TRAC 2

SOFT COMPOUND TYRE DESIGNED FOR VERY LOW TEMPERATURES

BENEFITS

Outstanding grip on snow and ice, including in very low temperatures, specially developed for the Scandinavian countries, the Baltic States and Russia

Short braking distance
Fast acceleration in winter conditions

Optimal capacity to shake off mud and snow
Low noise production

FEATURES

Rubber compound with reduced hardness and unique reactive fillers

Zigzag sipe pattern

Subtle directional V-tread

SUMMER TYRES -

ULTRAC VORTI R⁺

SUPREME SPORTINESS FOR THE MOST POWERFUL CARS

BENEFITS

High level of control, even at high speeds

Direct and predictable steering precision

Superior dry braking performance

FEATURES

Tyre contour designed for minimum deformation while cornering

Significantly larger apex base combined with stiffer sidewall construction

Tread compound with well-balanced polymer and resin mix

ULTRAC VORTI

CONTROL AND PRECISION HAVE NEVER BEEN SPORTIER

BENEFITS

Superior wet and dry braking performance

Precise and responsive steering at high speeds

Very good controllability, especially while cornering

FEATURES

High traction tread compound for increased grip

Stiff and solid outer shoulders

Dedicated designs for front and rear axle

ULTRAC VORTI⁺

CONTROL AND PRECISION HAVE NEVER BEEN SPORTIER

BENEFITS

Precise and responsive performance, especially while cornering

Superior wet and dry braking

Lower fuel consumption and extended tyre life

FEATURES

Stiffer shoulder and sidewall construction with 13% larger bead area*

High-traction tread compound for increased grip

Next generation body compounds to reduce rolling resistance

* Data based on internal testing compared to predecessor Ultrac Vorti in development size 245/45 R18 (Y) XL

ULTRAC

DRIVE LIKE YOU'VE NEVER DRIVEN BEFORE

BENEFITS

15% improvement in dry and wet handling*

10% better braking on dry & wet surfaces*

More driving comfort and a quieter ride

FEATURES

Updated tyre cavity with a squarer footprint

Next-generation tread compound with stiffer tread blocks

Optimised sidewall construction with increased flex zone

* Data based on internal testing compared to predecessor Ultrac Satin in development size 225/45 R17 94V

ULTRAC SATIN

DRIVING PLEASURE THROUGH ADVANCED TECHNOLOGY

BENEFITS

Superior braking power on wet roads

Comfortable and controlled steering

Fuel efficient (B-label for rolling resistance)

FEATURES

3 wider circumferential grooves for better water drainage

Z-shaped grooves in centre rib offer higher stiffness

Optimized tyre construction and profile

SPORTRAC 5

DRIVING SAFE, COMFORTABLE AND QUIET

BENEFITS

Short stopping distance on wet roads

Absorbs bumps, improves driving comfort

Quick and precise steering response

FEATURES

Wider circumferential grooves for better water drainage

Optimised radial stiffness

Z-shaped grooves for higher stiffness at centre rib

T-TRAC 2

COMFORTABLE AND ENERGY-EFFICIENT WITH A HIGH SAFETY RESERVE

BENEFITS

Good braking and handling capabilities on wet roads

Low noise level

High comfort level

FEATURES

Full silica tread compound with a fine-tuned profile

Optimised profile block distribution

Optimised design of contour and construction to absorb bouncing

COMTRAC 2

EFFICIENCY, SAFETY AND COMFORT IN ONE

BENEFITS

Improved stability and controllability while driving with heavy loads

High handling and braking safety on wet roads

Reduced fuel consumption

FEATURES

15% better controllability*

20% improvement on wet grip*

15% lower rolling resistance*

* Data based on internal testing compared to predecessor Comtrac in development size 235/65 R 16C 115/113R

CLASSIC TYRES —

SPRINT CLASSIC

CLASSIC LOOK COMBINED WITH CONTEMPORARY PERFORMANCE

BENEFITS

High safety reserves on dry and wet roads

Short braking distance

Suitable for speeds up to 270 km/h

FEATURES

Classic look combined with contemporary technology*

Sophisticated and modern tread compound

Speed index H, S, V, W

Sprint +

HIGH-TECH PERFORMANCE, MODERN-CLASSIC DESIGN

BENEFITS

Complements the design of your modern classic car

Great controllability while cornering

Modern performance on both dry and wet roads

FEATURES

Modern-classic tread pattern and sidewall design

Asymetric tread pattern

State-of-the-art construction and material technologies

GRIP *Classic*

SPECIALLY DESIGNED TYRE FOR CLASSIC FOUR-WHEEL DRIVE VEHICLES

BENEFITS

Excellent grip on sand and mud

Good handling and braking on wet roads

Improved aquaplaning reserves

FEATURES

Striking profile with optimised tread depth

Silica tread compound

Extra tread depth

SNOW *Classic*

CLASSIC LOOK COMBINED WITH CONTEMPORARY PERFORMANCE

BENEFITS

Good grip on wet and snowy roads

Possibility to stud the tyre for extra grip on icy roads

FEATURES

Optimised tread compound and contour

Stud holes

TRANSPORT *Classic*

TIMELESS FEEL COMBINED WITH THE LATEST TECHNOLOGY

BENEFITS

Safe and stable driving performance with good handling

Optimal grip on wet roads

Accurate steering response

FEATURES

Solid shoulders

Wide longitudinal grooves

Modern sidewall structure

OFFICIAL TYRE PARTNER

To be sent to Apollo Tyres (UK) Sales Ltd. 1 Beechwood, Cherry Hall Road,
Kettering Business Park, Kettering NN14 1UE
Tel: 0330 333 1294
Fax: 0330 333 1296
E-mail: customer.uk@apolloytyres.com

1.2 Accounts

If a credit account is desired, bank and trade references should be forwarded and time allowed for necessary enquiries. The Company reserves the right at any time to refuse or limit the amount of credit to be given to each customer.

2. Conditions of sales

2.1 Interpretation

In these conditions the following words shall have the following meanings ;

- a) "Person" means all persons, firms, companies or corporations whatsoever.
- b) "The Company" means Apollo Tyres (UK) Sales Limited.
- c) "The Products" means p Newmatic tyres, covers, tubes and all other goods or materials which are or may be manufactured and sold by the Company.
- d) Words denoting the singular member shall include the plural and vice versa.

2.2 General

Notwithstanding anything to the contrary appearing on any persons order, enquiry or other documents received by the Company, all contracts for the supply of goods by the Company shall be subject to these Conditions.

- a) Any terms and conditions expressed or implied, and even if such other terms and conditions are expressed to prevail, shall only be binding on the Company if expressly confirmed in writing by the Company
- b) No person shall sell or supply any of the Products except in accordance with these Conditions and on giving the Purchaser full notice of these Conditions.

2.3 Acceptance of Orders

The company accepts no liability for any order for the Products unless the same has been accepted in writing by the Company.

2.4 Terms of Payment

- a) Save where special credit terms have been arranged, payment for the Products shall be not later than 7 days after the date of the invoice. Invoices will be dated with the date of dispatch of the Products. Provided that the Company reserves the right to require any person to make payment prior to dispatch of the Products.
- b) For settlement in excess of 30 days after the agreed terms of payment, interest will be charged at the rate of 2% per month or part thereof on the unpaid balance of the price.

2.5 Delivery

- a) Any times or dates for delivery or performance by the Company given in the contract are estimates only and shall not be of the essence of the contract. The Company shall not in any event whatsoever be responsible for any loss or damage due to delays in delivery or performance.
- b) Delivery of the Products to the Buyers premises in quantities of less than £160 or by carrier or other means other than those normally used by the Company shall be subject to additional charges.
- c) Unless otherwise agreed in writing, delivery will be at the Company's works and the Buyer will be responsible for making arrangements for the collection and carriage of the goods and carriage shall be at the Buyers cost.

2.6 Claims for Non Delivery or Shortages

- a) Shortage in delivery must be notified in writing within three days of receipt of the consignment or any part thereof.
- b) Claims in respect of non delivery must be notified within 14 days of date of invoice.
- c) No claims in respect of shortages or non delivery will be entertained outside of the period(s) specified.

2.7 Risk

All risk or loss or damage of any kind howsoever caused shall pass to the Buyer.

- a) Upon the delivery of the Products to the Buyer or to a carrier dispatch to the Buyer even if such carrier be the servant or agent of the Company.
- b) In the case of Products to be collected by the Buyer upon such collections or upon the expiry of seven days from the Company's written notice that such Products are available for collection whichever shall be earlier and the Company shall further be entitled to recover a reasonable charge for storage of the Products after the expiry of such period.

3. Service Charge on Returned Goods

- a) A service charge will be levied on returns of Products by dealers.
- b) No Products may be returned unless the dealer first requests and receives approval from the Company.
- c) The service charge will be 5% of the credit issued for the Products returned. In addition such products accepted must be returned carriage paid to the Company's warehouse.
- d) No service charge or carriage charge will be made on Products returned due to an error on the part of the Company.

4. Ownership of Goods

- a) Notwithstanding that the Products shall be at the risk of the Buyer from the date of delivery the property in the Products shall not pass to the Buyer until all monies owing to the Company in respect of the Products has been paid to the Company.
- b) Where Products are in the possession of the Buyer they shall be held as bailee for the Company but at the risk of the Buyer and stored separately from other Products and clearly marked in such a way that they can readily be identified as the property of the Company.
- c) The Buyer shall be entitled in his own name to sell in the ordinary course of business Products which remain the property of the Company and shall do so as agents for the Company. Pending payment in full for all products supplied under the Contract by the Company the proceeds of any such sale shall be the property of the Company and the Buyer shall pay such proceeds into a separate account to the Customers Bankers and shall be accountable to the Company for all products sold and the proceeds of their sale.
- d) The Buyers power of sale shall be determined automatically if a receiver is appointed over any of the assets or the undertaking of the Buyer or a winding up order is made against the Buyer or the Buyer goes into voluntary liquidation or commits any act of Bankruptcy.
- e) Notwithstanding anything to the contrary herein contained the Company shall be entitled at any time and any event upon termination of the power of sale as herein provided by servants or agents to enter upon the Buyers premises for the purposes of recovering any Products which form the property of the Company of which have not been paid in full.

5. Variation of Prices

The Company reserves the right at any time to alter the prices of any of the Products without notice and in respect of Products delivered after such alteration of the price the price for such Products shall be that current at the date of delivery of the Products to the Buyer or carrier.

6. Clearance, Blemished, Seconds or Part-Worn Products

- a) No person shall without the written authority of the Company, deface, brand, mark, remould, retread, resole, recut or tamper in any way whatsoever with any of the Products other than part-worn products.
- b) No person shall without the previous written authority of the Company sell, offer for sale, advertise or supply any of the Products (other than part-worn products) which have been treated as set forth in paragraph a) of this Condition.
- c) No Person shall in any manner whatsoever or by any device whatsoever offer for sale, advertise, sell or supply any of the Products under the description "Clearance", "Surplus", "Blemished", "Seconds" or "Part-Worn" under any trade name used by the Company without the Company's prior express written authority.

7. Guarantee and Exemption

In respect of any of the Products which may prove defective through faulty materials or workmanship the Company agrees as its option to make an equitable allowance against the sales value of such Products as to repair or replace such Products.

Save as aforesaid the Company makes no representation and gives no guarantee in respect of the Products and all conditions and warranties, express or implied, whether statutory or otherwise are included, It is an express condition subject to which the Products are sold that the Company shall not be liable in contract, tort or otherwise, for death, injury or damage to any person or property caused by or arising out of the use of the Product save where death or injury to any person is caused by the negligence of the Company.

8. Patents

The sale by the Company of the Products shall not convey to the Buyer any licence or right to use any inventions, letters patent, registered designs or trade marks owned or controlled by the Company or its parent company or any subsidiary of such parent company (within the meaning of Section 154 of the Companies Act 1948) except to the extent that the same or any of them may be embodied in such Products.

9. Agreement, Credit and Suppliers

The Company reserves the right at any time in its absolute discretion and notwithstanding any contract that any person may have made with any third party to terminate without notice any agreement to make supplies to any person, to refuse or limit the amount of credit to be given to any person, and to withhold from any person.

10. Force Majeure

So long as any circumstances whatsoever beyond the control of the Company may prevent, hinder or delay the manufacture or delivery of the Products of the Company the Company shall not be bound to make delivery of any such Product which it may have contracted to manufacture or sell and the Company shall not be liable in any manner whatsoever for any failure or delay when so prevented, hindered or delayed.

11. Applicable Law

Any contract between the Company and the Buyer shall be governed by English law.

1. This list cancels all previous prices advised and is subject to alteration without notice.
2. Some orders may incur a handling charge. If this is the case you will be advised at the time of placing an order.
3. Orders delivered to alternative business/Private addresses, AM deliveries, Saturday deliveries, will incur an additional charge which can be obtained upon request. Please note - We cannot be held responsible for delivery delays caused by unforeseen circumstances - i.e. road works, accidents, weather conditions.

NOTES

This image shows a full page of white paper with horizontal blue or grey ruling lines. The lines are evenly spaced and run across the width of the page, typical of notebook paper. There are no margins, text, or other markings on the page.

TYRE LABEL

As part of the European Energy Initiative and in alignment with Regulation 2020/740, the Tyre Label gives an insight into the characteristics and performance of the tyre in five aspects. The label includes a QR code, linking to a –by the European Union approved and regulated– website, validating the data shown on the label.

Rolling Resistance / fuel efficiency

Lower Rolling Resistance saves fuel. The values A to E indicate the effect on fuel consumption from low to high.

Grip on wet roads / braking performance

In the category 'Grip on a wet road surface', the classification A to E indicates the relative braking distance from short to long on a wet road surface.

Exterior noise level

The exterior Noise level is measured in dB, divided into three classes, ranging from A to C, whereas A stands for low-Noise and C for high Noise pollution for the environment. NB: External Noise does not fully correlate with the interior noise of the vehicle.

Ice Grip

The tyre label of a tyre which satisfies the minimum Ice Grip performance standards shall show the Ice Grip pictogram.

Snow Grip

If applicable, the 'Three Peak Mountain Snowflake' symbol (also referred to as 3PMSF) indicates that the product has been classified as a tyre for the use in severe snow conditions in accordance with strict European legislations. All Vredestein winter- and all-season tyres wear the 3PMSF marking.
